

Dear 2000 Days Pre-Kindergarten,

We wanted to take a moment to thank you for all that you do for our son and our family.

When Thomas turned 1 we were nervous about starting daycare, and being away from him. The integration process was amazing for us, Thomas gained confidence and our hearts were filled with joy as we watched him adjust.

Every day we reflect on how lucky we were to find you. Thomas is learning so much, and is exposed to enriching activities that are helping his development. We see this at home in new skills he is proud to show us, and in the pictures posted on HiMama. (Which is incredible, we love the daily updates as they bring joy to our workdays)

We could keep going, the healthy food, gym, creative spaces etc. But the thing you do that we appreciate most is provide a safe, loving, climate. Every adult in your building cares for our son, not because it's their job, but because it comes from their hearts. We are so grateful to be a part of the family.

♡ Thomas, Sean & Robin
